### Real-life example

A violent event occurs at a child's university. The parents immediately purchase airline tickets to get to the school. They incur lodging and meal expenses; purchase a one-way ticket home for the child and set up professional counseling. In addition, arrangements were made to install an alarm system in the child's campus housing.

In addition to financial protection, we can advise on confidential personal security services for special events, electronic identity protection, and alarm system planning and design.

Household SafeGuard is just one of the many advantages available to our policyholders. Please ask your independent insurance advisor about protection for personal excess liability, automobiles, private collections, yachts and more, or visit [www.aig.com/pcg](http://www.aig.com/pcg).
