

## Why Chubb?

Learn why Chubb is the insurance of choice for successful families and individuals in Florida

If you live in Florida or are planning to buy, build, or remodel a home there, having the right coverage to protect you and your family from risks you may face can mean the difference between being made whole again and a disaster. In the Sunshine State, you are likely to face significant weather events, quickly shifting marketplace dynamics, and a complex insurance market to navigate while trying to protect your home(s), vehicles, valuables, and assets.

That’s why it is essential to purchase insurance from a company that has a track record of quickly paying covered claims after numerous storms over the last 30+ years, adapts to evolving risks, and continues to remain financially stable and secure. While there are other choices for insurance in Florida, placing your trust in Chubb is sure to pay off in the end.

If you find yourself asking, “Why should I go with Chubb?” or “What makes Chubb better?”, consider these reasons:

### Industry-best reputation and financial stability

Chubb is a premium insurer that specializes in serving successful families and individuals—including those with primary or secondary homes in Florida. It is the world’s largest publicly traded property and casualty insurer, with the resources to handle multiple, large catastrophic events.

- Chubb has been writing Masterpiece Homeowners in Florida since 1986.
- We have withstood 19 landfalling hurricanes in that time, paying claims quickly, no matter the severity.

### You’ll get exceptional claims service if something happens.

When a catastrophic event, like a hurricane, hits, Chubb is on the ground as soon as it’s safe, inspecting properties personally or virtually (with the use of drones). Even when catastrophic events occur simultaneously, which has happened in the past, you can feel confident that with Chubb’s 2,400 claims specialists, we are equipped to handle multiple events at the same time. Giving you peace of mind is always our top priority in the event of a loss.

- We help take care of our clients by advancing payments as needed.

- We take an average of five seconds to answer claims calls with a live person, 24 hours to follow up on a claim, and 48 hours to make payment once the settlement is agreed upon.

### Our CAT tracker lets you prepare for storms.

Chubb takes a proactive approach to storms, monitoring clients’ properties, and communicating with those in the storm’s path, before and after it hits. Plus, if your agent’s office is impacted by a storm, you’ll know that Chubb is staffed, ready to help, and reaching out to clients in need.

**You can use our convenient mobile app.**

The Chubb Mobile App lets you pay your premiums, report a claim from anywhere, and even track and get alerts about major weather events or wildfires approaching your property.

**Chubb Property Manager can help you take care of a second home.**

If you own a secondary home in Florida, you may be eligible to enroll in our Chubb Property Manager service available to clients at no additional premium. With Chubb Property Manager, we'll send an expert to your home once it's safe after a storm to assess any damage, protect the parts that aren't damaged, and start the claims process for you.

**CyberScout Identity Theft Management can help you put your life back together.**

If you or your family members experience identity theft, this

complimentary service can help you file a police report, create a victim affidavit, handle claims, and provide free one-year credit monitoring.

**Wildfire Defense Service can help protect your home from wildfires.**

If your home is threatened by wildfire, which is happening with increased frequency in Florida, we can deploy fire engines and other resources to help protect your home and property. You just need to enroll in this complimentary service.

**Our Recreational Marine coverage can help keep you stress-free on the water.**

Chubb offers some of the most comprehensive protection and services available for watercraft. With our Masterpiece coverage, we'll repair or replace your watercraft if it's damaged or stolen, and even offer emergency towing if you need to get to shore.

**You can access our prequalified vendors.**

Through our Preferred Provider Network, you can find the service professional you need. Each provider is evaluated by Chubb to ensure that they continually deliver the highest quality service available.

**You'll get guidance in preventing issues from happening in the first place.**

Chubb's in-house risk consultants are available to help clients prevent damage from happening in the first place. Whether you own a custom-built home, vacation home, luxury vehicle, or fine art collection, Chubb has specialists in every area to ensure that what matters to you is protected under the terms of your policy.

## Experience the Chubb difference.

In Florida and across the country, you'll find that Chubb provides a unique combination of strength, comprehensive coverage, and exceptional claims and service. With Chubb coverage, you can rest easy, knowing that if you experience a covered loss from a weather event, catastrophe, or other incident, we're here to make you whole again, quickly and with compassion.
