

Cyber Solutions

Protect your real-life experience from on-line trouble.

CHUBB®

You've protected your home, but do you have a plan for what comes through your Wi-Fi? It used to be that home and auto insurance was enough. But today, there is risk in checking your e-mail on your smartphone or letting your kids download the latest app on their tablets. Online crime is on the rise.

But Chubb can help. Through our Masterpiece® products and services, you can find state-of-the-art protection for your state-of-the-art online experiences. We offer broad cyber-related coverages in our core products that are designed to meet the latest online risks. And we have teams of employees monitoring changes in technology and fraud to ensure that our products keep pace with the latest emerging risks.

Here's how our products and services can help:

Protect Your Digital Property

Imagine a virus erasing your hard drive—and years' worth of music files you had collected. Masterpiece Deluxe Contents covers up to \$10,000 for replacing or recreating personal data and electronic contents as a result of a covered physical loss from the introduction of a virus or malware. This includes eBooks, software, apps, music and movie files that can't be recovered.

Protect Your Money

Imagine logging into your bank account to find it wiped clean. Masterpiece Deluxe Contents covers up to \$10,000 if someone steals from your financial account, including unauthorized electronic fund transfers. This covers unauthorized use of your bankcards, debit card, or even if someone just used your account number to access your money.

Or, if you open your statement to find mysterious charges, Masterpiece Personal Liability provides up to \$10,000 if someone makes unauthorized charges to your credit card.

Personal Risk Services

Protect Against Lawsuits

Masterpiece Personal and Excess Liability policies include coverage for libel, slander, defamation of character, or invasion of privacy. While some exclusions exist, this can be helpful if your online review of the local restaurant, or your kid's blog, gets you into trouble

Protect Your Identity

Did someone open a new account in your name? Chubb offers complimentary services to Homeowner and Automobile policyholders from IDT911®—a leader in identity theft recovery services. Experienced fraud specialists will work with you one-on-one to quickly resolve the crisis, so you can get on with your life.

Did you get a notice that your favorite store has had a data breach? You can also obtain tips to help you avoid becoming a victim. Call IDT911 at 1.866.860.1761 for proactive inquiries or help with resolving identity theft.

Get Your Life Back on Track After Cyberbullying

No one wants to think it could happen, but when it does, Chubb can help. Masterpiece Family Protection, which can be purchased in addition to a Homeowners policy, now includes Cyberbullying Coverage, which can help if cyberbullying leads to wrongful termination, false arrest, wrongful discipline at school, or mental anguish as diagnosed by a physician. The coverage can pay up to \$60,000 to help with a wide array of expenses, such as psychiatric care, temporary relocation, a professional public relations consultant, a cyber security consultant, and a digital forensic analyst to help you prosecute the culprit.

Understand Your Vulnerabilities

Want to learn more about securing your home network, recognizing signs of online manipulation, securing mobile devices, and other ways to combat security threats? Chubb partners with a security firm, the Ackerman Group, to provide assistance. Services are discounted for Chubb customers and included as part of the Signature Suite for Signature and Premier customers. Policyholders can call 1.844.868.3723 to connect with the Ackerman Group.
