◆ Common Q&A

Q: Will my agency contract or commission change?

A: No. All existing agreements remain in place. This is a branding and organizational update only.

Q: Are any offices closing or relocating?

A: No. All offices remain open. The change is about aligning teams, not physical locations.

Q: Who do I contact now?

A: Your current contacts remain the same. Over time, you may see new Bridge Specialty email addresses from Personal Lines team members, but legacy emails will still forward.

Q: Will quoting or submissions change?

A: No. You'll continue to submit business as you always have. Any platform or process updates will be communicated well in advance.

Q: What's the benefit of this change?

A: You get access to more personal lines markets, faster service, and a more unified experience—all with the same trusted team.
